

2023 Fellowship Opportunity

Social Enterprise: All Across Africa

About: All Across Africa is a global network of makers driving social change through the ethical production and distribution of sustainably made artisan goods. All Across Africa's mission is to create ethical, sustainable jobs and markets to alleviate poverty in Africa. The company has created a first-of-its-kind technology, resource, and distribution platform that unites over 6,000 woven-goods artisans, their communities, and sustainable materials — sourcing and producing all of its products in Rwanda, Uganda, Ghana, and Tanzania.

Website: AllAcrossAfrica.org

Location of Research: Rwanda

Action Research Project:

- Impact Measurement Research: Analyze data from a historical impact survey (2017). Compare and create new impact research including further analysis of new jobs created in the community for every artisan job created by AAA to assess the impact on the economy of the community.
- Operations Research: Conduct an overall analysis of the current supply chain B2B model.

Student Skills: Critical thinking, impact research, and analysis skills. Excel. Social science research methodology experience is preferred.
